

Netflix Checklist

- Do you know how to set up a kid's profile?
- Do you know how to create a profile with a specific maturity rating?
- Do you know how to lock profiles on your account?
- Do you know how to turn autoplay on or off?
- Do you know how to access viewing history for a profile?

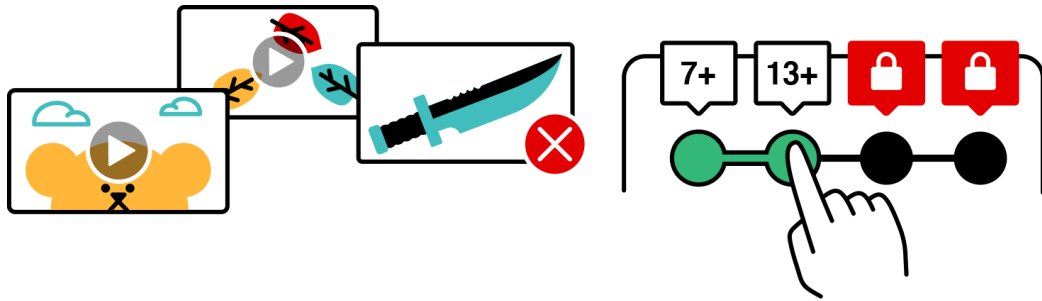

Netflix's Parental Control Tool Checklist

The world's leading online entertainment service available to millions of members in over 190 countries, offering TV series, documentaries and feature films across a wide variety of genres, languages and devices. Netflix's parental controls help our members discover content that the whole family can enjoy. Members can customise the parental control tools to meet the needs of their families.

How to set up a kid's profile

The 1st step in using the tools is to create a kid's profile.

1. Access your **Manage Profiles** page by clicking "More" in your app or selecting menu drop down in a web browser.
2. Select **Add Profile** and name the profile.
3. To use the **Netflix Kid's Experience** for ages 12 and under, select **Kid's**.
4. Select **Continue**.

How to choose maturity ratings or block shows

The viewing restriction allows to customize maturity ratings per profile and the ability to remove specific titles from each profile.

1. Access your **Account** page.
2. Open the **Profile & Parental Controls** settings for the profile you want to manage.
3. Change the **Viewing Restrictions** setting.
4. Enter your Netflix password.
5. Set the maturity rating for the shows and movies you want to allow in that profile.
6. Under **Title Restrictions**, type the name of the title and click on it. You will see a list of restricted titles listed in red.
7. Select **Submit**.

How to lock profiles on your account

You also have the ability to lock individual profiles. Once locked, a PIN code is required to access viewing in a profile.

1. Access your **Account** page.
2. Open the **Profile & Parental Controls** settings for the profile you want to manage.
3. Change the **Profile Lock** setting.
4. Enter your Netflix password.
5. Check the box to **Require a PIN** to access the selected profile.
6. Enter four numbers into the PIN field. This will be your **Profile Lock PIN**.
If you don't want kid's to add viewing profiles to your account without entering a PIN, select **Require PIN** to add new profiles.
7. Select **Submit**.

How to turn autoplay on or off

When the 'Autoplay next episode' setting is enabled, the next episode in a series will play automatically, which can be disabled through the account page.

1. Access your **Account** page.
2. Open the **Profile & Parental Controls** settings for the profile for which you want to turn off autoplay.
3. Change the **Playback settings**.
4. Check or uncheck the option to **Autoplay next episode in a series on all devices**.
5. Select **Save**.

How to access viewing history for a kid's profile

You can see the content your kid's have watched if they have their own profiles on your account.

1. Access your **Account** page.
2. Open the **Profile & Parental Controls** settings for the profile for which you want to turn off autoplay.
3. Open the **Viewing activity**.
4. Use the **Show More** button to load additional titles if you are seeing a limited list.
